

Adding your terms into Project categories

This helps with projects that need terms that are not offered under the default terms on Rappt.IO

1 On your [project home page](#) on the Rappt.IO website select **Project categories**

2 This will open up a default terms page

3 You can now add your term needed. Write the term you would like to be added in the **Add a new term** section

☒ Insect
☒ Weta
☒ Bird
☒ Magpie
☒ Cat
☒ Dog
☐ Other

✓ Save selection

Your terms

Add a new term

wasps

+ Add term

4 Save your selection

☐ Insect
☐ Weta
☐ Bird
☐ Magpie
☐ Cat
☐ Dog
☒ Other

✓ Save selection

Your terms

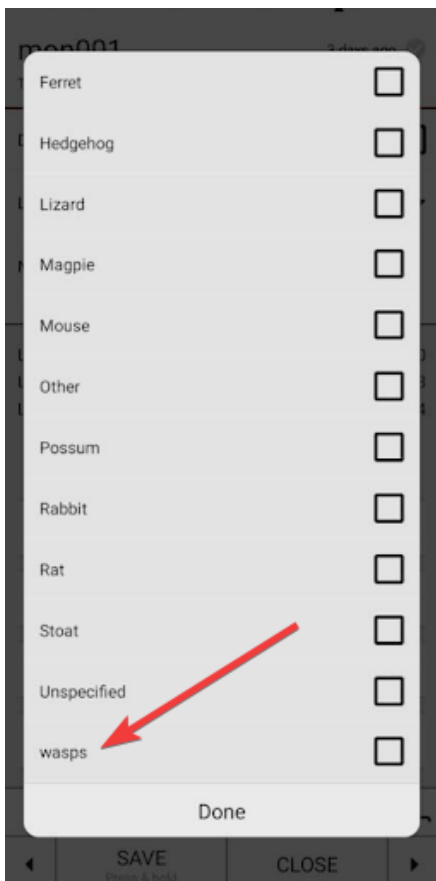

☐ wasps

Reassign terms to

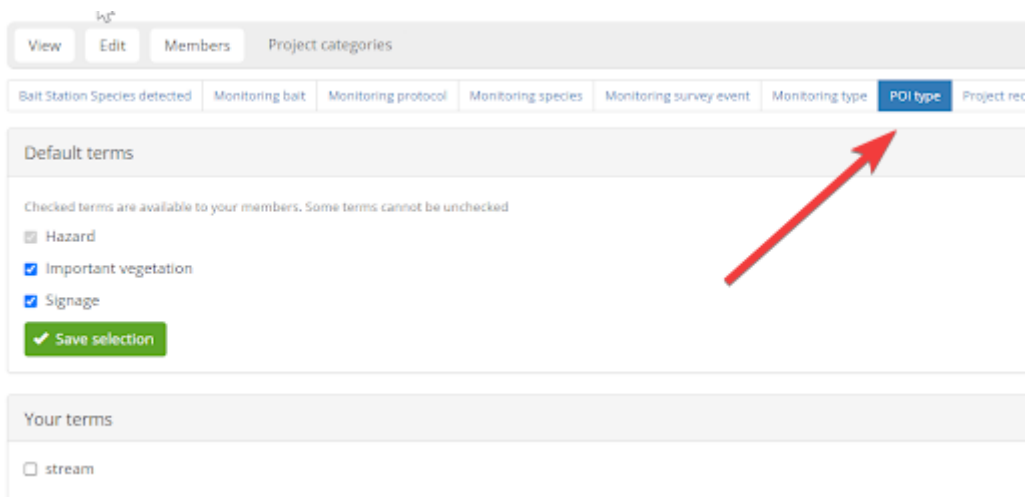

- Don't Reassign -

🗑 Delete/Reassign terms

5 The term will now show on both your Rappt.IO website and Rappt.IO App

This can also work for other categories

New Point of Interest

Hazard
Important vegetation
Signage
stream
