## Installation details

Tapping this will display additional details about the installation and display the "Add collocated installation" button. This allows you to create another installation at the same location. You can pin this open by checking the Display installation details checkbox in [General settings](#).

Longitude:	175.22076
Latitude:	-40.83542
Enable advanced record fields	<input type="checkbox"/>
View Online 	
Move location 	
Retire  Press & hold	
Add collocated installation 	

When saved, the record indicator at the top will turn green, as will the border around the station on the map.
