

Installations overview

The [Traps](#), [Bait Stations](#), [Monitoring Stations](#) and [Points of interest](#) sections of your project allow you to view and manage your installations. It displays them visually on a map, and as a table , underneath the map after you've clicked the "Show Results" button on the filter bar.

You can view the details of an installation by clicking on its icon on the map (and then clicking the link on the popup), or by clicking its Number/Code in the table under the map.

You can also filter installations by [line](#) or type, and search for them by their name.
